Community Projects--South Kanara--Supply of Drawing paper and section sheets--for use by the engineering staff--Urgently request.

Ref: D.O.No.11/54 dated 25-6-1954 from the Asst.Engineer (C.P.) Mangalore.

There are still a good number of works in this Community Projects area for which plans and estimates are to be prepared. The Asst. Engineer (C.P.) in his D.O.cited has said that at least 50 sheets of drawing paper, 100 section sheets (1/100), 12 yards of tracing cloth and 24 sheets of tracing paper may be supplied so that the plans may be prepared without wasting much time and energy. All the Supervisors sanctioned have joined duty and they have to be given sufficient work and the completion of preparation of estimates for the programmed works has to be expedited. The Asst.Engineer's request is therefore reasonable and I am convinced that preparation of plans without drawing paper and section sheets will result in unnecessary waste of time.

I therefore request that early arrangements may kindly be made to supply me with 50 sheets of drawing paper, 100 sheets of section sheets (1/100) 12 yards of tracing cloth and 24 sheets of tracing paper for being distributed to the Supervisors.

This may kindly be treated as urgent.

Yours faithfully,

A. Vishalakshi
